Beauty is.... Reflections

Congratulations to all the participants in this year's Reflections contest. Everyone who entered was a winner! Each student received a prize and certificate at the awards ceremony on November 5. This year's theme was: "**Beauty Is....**"

This year we received 184 masterpieces - a record number for our school! Reflections has been sponsored for the past 40 years by the National PTA and fosters creative expression. The program offers students the opportunity to express themselves and create works of art for fun and recognition.

The judging for this year's Reflections competition was done by a panel of outside judges who are local professionals in the area they judged. Each of the four areas was judged independently. Entries were judged only against other entries in their own level. Judging was based on creativity, interpretation of the theme, and composition/artistic merit. All of the judges indicated they had a difficult time selecting the entries to place since there were so many outstanding entries.

Thanks to everyone who helped make this year's program a success: teachers, parents, school administration, and students!

The following students placed on our school level. The first place winners will be forwarded for judging at the district PTA level.
